Ignatius Press November 1998, 1998. Paper Back. Book Condition: New. A serious, thorough, and very practical grade-by-grade curriculum which outlines all that is needed for a classical and Catholic education. A chapter on each grade from K-12 includes appropriate books on religion, math, grammar, literature, poetry, science, geography, history, art, music, and Latin. Those who do not wish to follow the curriculum in detail will still find the lists of texts, novels, short stories, and poems alone worth the price of the book. A truly useful tool for all of us concerned to bring the best of the past to our children.
