This type of publication is every thing and helped me seeking ahead and much more. It usually fails to charge too much. It is extremely difficult to leave it before concluding, once you begin to read the book.

While I express my unfeigned sense of the defects of a narrative hastily compiled from rough and very brief notes, I would also state that, except I had been urged from quarters entitled to my respect, to lay these facts and comments before the public, it is more than probable they would never have been published. But on my arrival in England I could not fail to perceive the intense interest and impatience with which authentic and explanatory intelligence of the sad fate of the beleaguered city was desired. It would have been far more satisfactory to myself if these events could have been recorded by the abler pen of my chief or of the other British officers who are now in captivity. This could not be; and therefore, utterly defective as I felt must be my work, I obeyed what I conceived to be a call of duty; and have done what I could to satisfy the just impatience of an expectant public. That the loss of Kars is a blot on a year otherwise successful for the arms of the Allies cannot be denied: an injury has been thereby inflicted on the prestige...
