Reviews

This publication will be worth purchasing. It really is written in simple terms instead of difficult to understand. It's been designed in an exceptionally simple way and is particularly only right after I finished reading this ebook in which basically modified me, alter the way I believe.

Could a single cosmic event have caused Noah s flood, continental drift, Earth s broken terrain, and the even the moon s crater s? Here, 200+ pages of evidence from a variety of sources supports that premise. The author takes a hard look at Earth s mountains, oceans, and legends, approaching the topic as an engineer and follower of Christ. Both faith and facts are considered, while presenting a plausible explanation for the biggest natural disaster in the history of the world. Here are facts supporting: - Noah s faith and obedience from more than one historical account - Arrival of a second moon prior to the flood - A globally violent event from from multiple historical accounts Copious amounts of ice and water from space - Giant humans and other creatures before the flood - A dozen scientific methods for determining the flood date - An asteroid embedded 1200 kilometers deep in the earth - An exact location of ground zero - The best video and satellite evidence for the location of Noah s Ark - Evidence that the appearance of our current moon changed at that time - A 1900 foot long skeleton belonging to the sea serpent Leviathan - What the calendar may have looked like before the flood.
