So while Adam continues to live in the suburban house he despises-with his two children and his angry mistress, whod never planned for this turn of events-Sophie sets out alone into an alluring new life nearby, close enough to see her sons every day, but far removed from her former life of domestic drudgery. As she and Adam grow into their new roles, they discover what it actually means to act in their childrens best interests, and that the end of a marriage can be a beginning.
