TRANSITIONS AND INTERDEPENDENCE: INDIA AND ITS NEIGHBOURS

KW Publishers, New Delhi, India, 2015. Hardcover. Book Condition: New. Dust Jacket Condition: New. First Edition. Developments in South Asia in the areas of democracy, political economy and security in the last couple of years are intriguing and raise questions about whether the region is on the road to transformation. The years 2013 and 2014, particularly, have been years of transition in South Asia. Almost all South Asia countries have undergone political transitions with cascading effects. These elections are significant for South Asian countries because the region has witnessed political instability for a long period of time. The elections in South Asia generated the hope that the most un-integrated region may become interdependent after coming up of new sets of political heads. These developments in the region have an influence on India's foreign policy and also mould its domestic politics; and vice-versa. India's policy towards individual countries also has a decisive impact on the pace of on-going political transitions in a number of spheres: civil-military relations, foreign policy of individual countries, socio-political and economic dynamics and nature of governance. These transitions reflect the nature, behaviour and response of the transitory states towards the others. India, as an important stakeholder in the region is keenly observing these transitions in its neighbourhood. This book titled: Transitions and Interdependence: India and Its Neighbours is the outcome of serious deliberations among well known scholars, diplomats and policy makers at the Fifth Asian Relations Conference organised by the Indian Council of World Affairs in collaboration with the Institute of Peace and Conflict Studies in February 2014. Papers presented in the conference have been thoroughly revised before publication and the editors acknowledge with gratitude these insightful contributions. Printed Pages: 206.
