## The Coming Eclipse: Or, the Triumph of Climate Mitigation Over Solar Revolution

By Graeme Donald Snooks

IGDS Books. Paperback. Book Condition: New. Paperback. 88 pages. Dimensions: 9.0in. x 6.0in. x 0.2in. THE COMING ECLIPSE deals with the most important issue of our era, and deals with it in a unique way. This book is concerned with a critical choice of futures: either the adoption of a comprehensive climate-mitigation program or the emergence of a new technological revolution. As this book succinctly explains, the adoption of one will eclipse the other. A climate mitigation program of the type proposed by the IPCC will require the establishment of an artificial system of prices, which could only be achieved by establishing a command-like economy. Such an economic system would lock us into the old polluting fossil-fuel technological paradigm and thereby delay, even derail, the newly emerging technological revolution - the Solar Revolution - which will be based on radically new methods of energy extraction. By using a realist general dynamic framework, Professor Snooks shows that, by the end of the twenty-first century, the real dynamic costs of the mitigation program proposed by the IPCC will amount to an astronomical 90 of world GDP rather than the 1-2 estimated by climate mitigationists. Owing to their inadequate methodology, orthodox economists have massively,...

### Reviews

*An incredibly amazing ebook with perfect and lucid answers. It is written in basic terms and never difficult to understand. It has been written in an exceptionally basic way and it is only right after I finished reading this ebook in which it in fact modified me, affected the way I really believe.*
